REF:

Height: 16.2 cm (6.4")

Description

This spine bookmark is designed to rest securely along the spine of a book, marking a place without placing unnecessary pressure on the pages. Its long, gently curved form allows it to sit neatly within a book while remaining easy to remove and reposition.

At the top, a plain circular disc provides a clean decorative detail and a suitable surface for engraving. The simple, understated design gives the piece a refined appearance while maintaining its practical everyday purpose.

Handcrafted using traditional silversmithing techniques, the bookmark is carefully formed to achieve its smooth curved shape and balanced proportions. Each piece is hand finished and polished to create a refined and durable surface suitable for regular use.

Supplied in a presentation gift box
